# Tandem Spinners - **NEW**

## PANTHER MARTIN

### Tandem Spinners

Tandem Spinners are made with the same blade and teardrop body as our Classic Regular Spinner, but with 2 blades for double the flash and vibration!

The blades are separated by a stainless steel sleeve to ensure super blade rotation.

These lures are sure to attract trout, salmon, bass and many more species.

## Sidekick Displays - **NEW**

### PANTHER MARTIN Sidekick Displays

We have developed a sidekick display that is pre-packed and is available in three of our best selling lure series.

The sidekick includes two hooks to be placed on the back side of the display for either an end of aisle display or on shelving near to cash registers. These displays are ideal for promotions, holidays and special occasion such as Father's Day or trout opener and can be used by any retailer, be they large or small.

Each display is 29" high, 8" wide and 6" deep and has three rows with 3 pegs per row. We offer three colors in three sizes in each display in either 36 (4 lures per peg) or 54 (6 lures per peg) lures per display.

Priced right to produce a terrific profit for retailers!

#### DISPLAY CONFIGURATIONS

# Black Panther Spinners

## PANTHER MARTIN

### Black Panther Spinners

The Black Panther Spinner combines a vibrant spotted finish on a black blade with a deluxe brass body to create a deadly new lure.

Made with our concave-convex blade to produce maximum water flow and hydrosonic vibrations.

The bullet-shaped brass bodies and the through-the-shaft design create a unique action and sound that drives fish crazy!

# Hammered / Egg Spinners

## PANTHER MARTIN Hammered Spinners

Panther Martin Hammered Spinners have a unique blade pattern and genuine silver and gold plating which produces the most flash and reflection of any Panther Martin Spinner ever!

Together with all of the traditional proven features of our classic tear drop spinners, hammered spinners are sure to become a new go-to Panther Martin lure for anglers of all categories and ages.

Hammered spinners are highly effective for trout, bass, perch, pickerel and a wide range of other fish species.

## PANTHER MARTIN Egg Spinners

The combination of the legendary action of the Panther Martin convex/concave blades with the added attraction of natural, fluorescent beads that mimic salmon eggs, makes the Panther Martin Egg Spinner irresistible to salmon and steelhead.

These blades are made with genuine silver plating and are available with a siwash single hook. While lightweight, the egg spinner casts well and spins easily making it ideal for both shallow water and river fishing.

# Fluorescent Spotted Spinners

## PANTHER MARTIN

### Fluorescent Spotted Spinners

Panther Martin Spotted Spinners are made with eye-popping fluorescent paint finishes that are much brighter than our traditional paint colors. These finishes emit light in dark, deep and murky water conditions.

The combination of fluorescent paint finishes and all the features of the classic Panther Martin teardrop spinner mean the Spotted Panther Spinner is sure to catch more trout, bass, perch, pickerel and many other species. Available in 5 colors and 3 sizes, dressed and undressed.

# Classic Regulars / Copper Spinners / Classic Fly

## PANTHER MARTIN Classic Regulars

Panther Martin is truly the world's "Classic spinner". It has an original concave-convex blade design that maximizes water flow over the blade to produce a unique blade rotation and flash.

Panther Martin spinners have no clevis to connect the blade to the shaft. This means that each blade rotation is different and unpredictable, imitating the natural action and vibration of a variety of creatures fish feed on. Each spinner is precisely weighted and balanced to produce a combination of flash, sound and vibration that fish can't resist.

# Classic Spotted Spinners

## PANTHER MARTIN

### Classic Spotted Spinners The Perfect Blend of Flash, Sound & Vibration

Spotted Spinners use bright contrasting colours to make each spinner as visible as possible to fish, even during low light conditions and in discoloured waters. Salmon, steelhead and trout fishermen often have some of the best fishing when it's raining and overcast. Poor water clarity of less than two feet usually triggers these fish to strike.

Spotted Spinners are also effective for other gamefish early and late in the day, when it is overcast, or when the water gets murky from wind action.

# Salamander Spinners

## PANTHER MARTIN

### Salamander Spinners

Panther Martin's Salamander spinners feature naturally coloured outer blades in shades of pink, red, black and yellow combined with natural coloured bodies.

The combination of these colours and the flash from genuine silver and gold plated blades is highly attractive to fish and causes them to strike.

# Large Bucktails

## PANTHER MARTIN

### Large Bucktails

Our large bucktails are made with the same design as tiny Panther Martin spinners - only bigger! These lures are highly productive for catching northern pike and musky!

We've made the weighted bodies extra long to keep the blade away from the hook while it's spinning.

Make long casts, retrieve steadily and cover as much water as you can. When you get a hit - HOLD ON!

#### SIZE CHART

# Red Hook Spinners

## PANTHER MARTIN

### Red Hook Spinners

It's no secret that fish are attracted to the colour red.

Red is a colour that makes fish strike because it suggests feeding. When feeding the gills of fish become engorged with blood known as "Gill-Flash".

Adding the colour red to an already effective fishing lure makes them even more effective!

# Lake Trolls

## PANTHER MARTIN

### Lake Trolls

The Panther Martin blades create a unique action which makes these trolls much more effective than traditional trolls. Low drag design and hydrosonic blades that "call to the fish" increase catch ratio. They are highly effective on lake trout and kokanee.

### Baby Trolls

**MDR SGH**  
SILVER GOLD  
HOLOGRAPHIC  
SH - sizes: 9

**MDR-RTH**  
RAINBOW TROUT

# Superior Frogs

## PANTHER MARTIN

### Unique Superior Frog Features

- Heavy weighted body casts over 70 feet
- Always lands on it belly
- Real life kicking action of legs drives bass crazy
- True to nature soft plastic body shape makes these irresistible to bass
- The weedless hook goes through the thickest vegetation and is pointed down - where the bass strike from
- It will catch bass just floating in lily pads or weeds
- Can be used to catch pike too!

## Features of Panther Martin Spinners "The Greatest Fish Catcher of All Times"

Unique concave/convex shape of blade sends out sonic vibrations that send fish into a feeding frenzy!

Razor sharp hook keeps the fish hooked.

Heavy weighted body casts further and goes down deeper.

Blade mounted directly on shaft for easy spinning at any retrieve speed.

Genuine Gold-plated and Silver-plated blades on many models reflect light to catch fish.

A fly fisherman wearing a wide-brimmed hat, a light-colored long-sleeved shirt, and waders is standing in a river. He is holding a fishing rod and has just released a fish back into the water. The background shows a rocky riverbank with green vegetation and a bridge in the distance.
